## PREAMBLE

The University of Delhi established the Department of Distance and Continuing Education (DDCE), Faculty of Open Learning, and Open Learning Development Centre (OLDC) under the aegis of the Campus of Open Learning/School of Open Learning, University of Delhi in 2022. The DDCE acts as an umbrella for departments of various disciplines/fields of study offering their courses through the distance learning mode, such as, Commerce, Economics, Education, English, Environmental Science, History, Hindi, Political Science, Punjabi, Sanskrit, Urdu, Management, Financial Studies, Library and Information Science, Computer Applications and Psychology.

When the School of Open Learning began enrolling students in 1962, it offered conventional programmes in humanities and commerce and catered to around 900 students. Since then, the institution has come a long way, and currently there are more than four lakh students enrolled across various disciplines. This journey of expansion has been accompanied by a corresponding increase in the number of regional centres. The School of Open Learning established its South Study Centre at Moti Bagh, in 1990; the West regional centre at Keshav Puram in 2007; and there is an upcoming study centre at Tahirpur, in East Delhi. In 2022, the Department of Distance and Continuing Education, University of Delhi, launched six contemporary/professional courses; namely, Master of Business Administration (MBA), Master of Library and Information Sciences, B.A. (Hons.) Economics, Bachelor of Management Studies, Bachelor of Business Administration (FIA), and Bachelor of Library and Information Sciences. From this year, the Department is introducing the BA(Hons) Psychology programme.

The School of Open Learning provides students with an opportunity for higher education; especially to those who are employed and wish to add to their qualifications, or those who are unable to join a regular college due to various constraints. The distance education mode is a viable alternative for students who desire a flexible medium of instruction - in their aim to attain higher education and vocational skills. The mode of instruction is primarily through well-structured course material that is provided at the time of admission to all the students and the same is supplemented with video lectures and academic counselling sessions, conducted at various Learning Support Centres. Experienced faculty members are always available at the main campus for mentoring and counselling.

The admission criteria as well as the examinations for various programmes in the Department/School are both governed by the norms of the University of Delhi, which confers degrees to the students of the Department, as it does in the case of students from its constituent colleges. From the academic session 2022-23, the University of Delhi has adopted the National Education Policy (NEP) 2020 and introduced the Undergraduate Curriculum Framework (UGCF) 2022.

## VICE-CHANCELLOR'S MESSAGE

Greetings to all!

It is my privilege to welcome you all to the Department of Distance & Continuing Education, School of Open Learning under the aegis of Campus of Open Learning, University of Delhi and to the new academic session 2023-24. The Department/School has been extremely successful in catering to the educational needs of students across the nation by providing them with affordable and accessible education. Keeping the aim of academic inclusion at the forefront it has played a pivotal role in aiding the lives of students coming from a plethora of backgrounds.

Last year marked a renaissance in Distance Education and Open Learning, wherein six new job-oriented professional programmes were introduced. The new programmes have been launched with an aim of meeting different challenges in the globalised world through holistic development of students, so as to make them able professionals, service providers, policymakers, managers, librarians and entrepreneurs. The contemporary world demands individuals to be global citizens, and I am sure that these programmes will harness the potential of the human resources of the nation and generate nation-builders of the future.

I extend a warm welcome to the upcoming batch to this institute of great excellence and wish them success in their academic and professional lives. All the very best to the Department/School for a new beginning. I am completely assured of the enthused participation of all stakeholders at the Department of Distance & Continuing Education, School of Open Learning under the aegis of Campus of Open Learning, University of Delhi.

***Prof. Yogesh Singh***

## DIRECTOR'S MESSAGE

Dear Students!

I heartily welcome you to the Department of Distance & Continuing Education, School of Open Learning under the aegis of the Campus of Open Learning (COL), University of Delhi. The institute was started in 1962 and, in the last 60 years of its acclaimed history, it has established itself as a premier institution of higher education and learning in the Distance mode. The Department/School has an innovative and hard-working culture, with a strong drive and determination to achieve institutional goals. For years, thousands of individuals from economically and socially disadvantaged backgrounds have benefited from the Department's assistance in gaining entrance to higher education and continue to do so. It has become a key enabler in the "Education for all" approach.

The Department/School has been offering certain conventional programmes in Commerce and Humanities for a long time. In the academic year 2022-2023, we launched six new programmes in the fields of Management, and Library and Information Science. These are need-based academic programmes that are professionally and vocationally oriented. All the new programmes are offered in compliance with the guidelines of NEP 2020 and the Department ensures that the curriculum is innovative and updated, in line with the standards set by the leading universities in India. These programmes are not restricted to any particular place and are sufficiently flexible to allow students to learn and receive a recognized and high-quality degree to boost their job possibilities. All the Programmes are offered with a student-friendly fee structure. We focus on providing hands-on experience to students to enhance their employability opportunities. Students are supported with self-paced learning, with our up-to-date study material, and Academic Counselling Sessions (PCP classes). To meet the surge in the demand for distance education amid the recent pandemic and digitization, we also facilitate online video lectures along with other study materials in printed and digital form. The optimum utilization of the latest ICT and multimedia will fulfil the educational needs of students, nationwide. The addition of new courses to the already existing conventional courses will set a new standard in the field of education by catering professional programmes to people from all walks of life and ages.

The Department is set to democratize higher education by igniting young minds and developing them into committed professionals and entrepreneurs, by bringing learning to the learners' doorsteps. The expanding higher education system places a greater emphasis on skill development in order to make our students more employable by providing them with the essential analytical and soft skills. Through the pursuit of academic, professional, and all-around excellence, we aspire to inspire, nurture, and coach our students to think progressively, build value-based perspectives and ethical moorings, with an impetus to creativity, and problem-solving approach through innovation. The aim is to condition students in a way that leads to the integral development of individual personality and makes them socially and economically self-reliant and responsive change-makers of the 21st century India.

Students, this will be a steppingstone to your successful personal, academic and professional growth. I welcome you to a life-enriching academic journey with a 'future-ready' growth trajectory to realize your genuine potential by surpassing the boundaries of traditional paradigms. We wish you many great honours and prosperous milestones in your future. Best wishes for your health, happiness, and a prosperous future with us.

## PRINCIPAL'S MESSAGE

Dear Aspiring Students,

I take this opportunity of welcoming you all to the Department of Distance & Continuing Education, School of Open Learning under the aegis of Campus of Open Learning, University of Delhi (erstwhile School of Corresponding Courses and Continuing Education) University of Delhi, a pioneering institution that has carved out a distinct niche for itself in the field of Open and Distance Education in India. Since its inception, it has remained indefatigably committed to achieving excellence in the realms of distance learning.

The Department/School is a renowned higher-learning Institution known for its distinctive strengths in providing superior and relevant learning programmes to its learners, keeping in view the demand for education that is in tune with the requirements of the twenty-first century. The School of Open Learning has been at the forefront in providing wings to the aspirations of the economically and socially disadvantaged sections of society who are unable to access higher education for a variety of reasons. Since its establishment, the SOL has grown from strength to strength and successfully fulfilled its mandate of providing high-quality educational opportunities along with a focus on character building, to a large number of students. The Department of Distance & Continuing Education, School of Open Learning, Campus of Open Learning, University of Delhi has been dedicated to meeting the aspirations of society, acting as a torch-bearer by inculcating basic moral values, community development and providing fair access to all in the light of changing economic, social and cultural development.

As we all know that the previous academic year has almost entirely been restricted to the online mode. We all have faced unprecedented challenges and battled our way through them with great courage and resilience. The same holds true for the world of academia and we, at the School of Open Learning, have made the best efforts to make online teaching and learning effective and accessible to all our students. We successfully conducted various academic and cultural events in the online mode along with the online examinations (OBE), overcoming all hurdles that came along the way. We have turned many challenges into opportunities through the constant support of our faculty, staff, and, most importantly, our dear students. The School of Open Learning has also taken many student-friendly initiatives in the last decade, such as providing students with good quality and updated study material, online forms, online fee gateway, SMS & E-mail services, incentivizing girl students, PwBD and Economically Weaker Section students by offering tuition fee concession and many more.

I hope that all the student aspirants seeking to pursue their academic goals through open and distance learning and online education mode will pursue higher education with the right earnestness. I am sure that your association with the School of Open Learning will prove to be an experience which you shall cherish forever.

Best Wishes!

## Undergraduate Curriculum Framework (UGCF)

The UGCF 2022 underlines the historical perspective, philosophical basis, and contemporary realities of higher education, as enshrined in the National Education Policy (NEP) 2020 and endeavours to synchronize these cornerstones, while charting the road ahead for the state of higher education in the country.

The University of Delhi, a premier institute of teaching, learning, and research in higher education, acclaimed nationally and internationally, aims to acquire excellence in education and contribute to nation-building in the twenty-first century. Being a central University, mandated to act as the torch bearer in expanding the horizons of human resource development - through the expansion of higher education - it has always strived for constructive and meaningful innovation: a regular feature in its undergraduate curriculum development over the years. This is attested to by the periodic revision of its undergraduate curricular framework over the decades, especially in the last two decades. The University aims to keep pace with global trends in higher education in the new millennium. Realizing the critical importance of education in enriching the youth of our nation; the focus is on skill development, through innovative and practical oriented teaching-learning.

The University is constantly exploring the possibility of further restructuring and refining its undergraduate curriculum framework, in keeping with the objectives and underlying philosophy of the NEP 2020. In 2021, around 65 per cent of Indians were under 35 years of age - giving the country a distinct demographic advantage. A skilled workforce can contribute immensely to national growth in the digital age.

The UGCF 2022, not only embodies the heart and soul of the NEP 2020 in letter and spirit but outlines a teaching-learning framework that aims to attract young minds towards research, innovation, apprenticeship, social outreach, and entrepreneurship, while learning and gaining knowledge in the truly charged academic environs of the University and its constituent colleges. The Department of Distance and Continuing Education/ School of Open Learning has also adopted UGCF 2022 in all its undergraduate courses.

### Courses and Credits

Under the National Education Policy (NEP), the UGCF prescribes the following types of Courses for the students to study through eight semesters in four years with options of exit after completion of a year of study. Each of these courses is assigned specific credits wherein a credit is defined as the hour(s) per week devoted for lecture/practical in the particular course. The number of credits to be earned per semester is 22 which amounts to a total of 176 credits at the end of eight semesters in four years of study. These courses along with distribution of credits are given below:

*Discipline Specific Core (DSC)* is the core credit course of a discipline. The rigour of the DSC will allow students to develop **critical thinking skills** in their chosen field of study.

*Discipline Specific Elective (DSE)* is offered from the 3rd Semester onwards. This course is from the chosen discipline, **elevating** their understanding and expertise in the chosen field.

*Generic Elective (GE)* is a pool of courses that are meant to provide **multidisciplinary or interdisciplinary** education to students. It is offered by various disciplines of study (excluding the GEs offered by the parent discipline), **broadening the horizon** of the student's knowledge.

**All DSC, DSE and GE courses are assigned 4 credits each.**

*Ability Enhancement Course (AEC)* is offered in the first four semesters. These courses are based on the content that leads to **knowledge enhancement** through various areas of study. The areas of study are Language and Literature, and Environmental Science and Sustainable Development.

*IL* is a pool of Indian Languages in the 8<sup>th</sup> Schedule of the Constitution

*Skill Enhancement Course (SEC)* is offered in the first six semesters. It envisages imparting life skills as well as technical and professional skills, transmogrifying them into **job-ready individuals**.

*IAPC* refers to Internship/Apprenticeship/Project/Community Outreach

*Value Addition Course (VAC)* is offered in the first six semesters. These courses strive to inculcate ethics, culture, Indian Knowledge systems, constitutional values, soft skills, sports, physical education, and similar values in students, which will help in the **holistic development** of students.

**All AEC, SEC and VAC courses are assigned 2 credits each.**

**UGCF provides students an opportunity to acquire Certificate/Diploma/Honours/Major/Minor/ in any discipline depending on the credits earned by the student under multiple exit option.**

- **Undergraduate Certificate:** Exit after completing One Year of study with total of 44 credits in the field of Study/Discipline.
- **Undergraduate Diploma:** Exit after completing Two Years with total 88 credits in the field of Study/Discipline.
- **Bachelor of (field of Multidisciplinary courses of Study):** Exit after completing Three Years with total 132 credits.
- **Honours in Single Discipline:** Exit after completing Three Years with total 132 credits.
- Should students go on to pursue Four years Honours degree (with total 176 credits), Major and Minor shall be awarded to them on fulfilment of certain conditions.

### **How to choose your Programme/Course**

Under UGCF 2022 students can choose a Programme of study under Arts or Commerce streams subject to the exit options stated above and given the eligibility criteria for admission into the programme. Please note that to pursue a single core discipline which leads to an Honours Degree in that discipline after completion of 3 years of study with six semesters, a student has to take 3 discipline courses in each semester. Besides this, the student has to study one course each from GEC, AEC, SEC and VAC from their respective pools. If the student wants to pursue undergraduate degree with two Core disciplines which is equivalent to B.A.(Prog), then he/she has to follow the steps given below:

1. First, choose two discipline courses offered by two different departments. Denote these department/course as A and B where 'A' stands for the course in which the student may do a major during the academic journey. Accordingly, course 'B' will become his/her non-major or minor course. For example, if a student wants to pursue a combination of Economics and Political Science where economics is major then the student will study two courses from economics and one from political science.
2. Second, the student will be studying two courses under 'A' denoted as 'A' and 'A1' for 1<sup>st</sup> Semester and 'A2' for 2<sup>nd</sup> Semester and so on given in the chart below and similarly, one course under 'B'

which is denoted as 'B1' and 'B2' in the chart below.

3. In this manner, under B.A. (Prog.) with two core disciplines a student will study three discipline papers along with one course each from GEC, AEC, SEC and VAC from their respective pools.
4. For B.Com.(Prog) a student will study three discipline courses. In addition, he/she will study one course each from GEC, AEC, SEC and VAC from their respective pools.

Note that GEC, AEC, SEC and VAC are compulsory courses with internal choice while students have an option to choose their discipline courses (DSC).

### **Attention Regarding GE Course –**

#### **NOTIFICATION**

[E.C Resolution No. 52-38 dated 08.12.2022]

The range of Generic Electives (GEs) offered to certain category of students of B.A./B.Com. Programme under UGCF 2022 have been revised keeping in view their multidisciplinary nature and interest of students as under:

- (i) Students of B.A. program with two languages as the core disciplines be offered the open pool of Generic Electives (and not restrict them to choose only the GE-Languages)
- (ii) Students of B.A. program with one language as the core disciplines be offered to study only one GE-language (which will be two courses of the same language that may be studied as GE-1 and GE-3 or GE-2 and GE-4). The other GEs shall be from the open pool of GEs.
- (iii) B.A./B.Com. Programme students who have never studied any Modern Indian Language (MIL) up to 8<sup>th</sup> Class shall be offered the open pool of GEs.

## Department of BMS

### About the Department of Management Studies

The Department of Management Studies (DMS) at the School of Open Learning (SOL), University of Delhi, has been established with the aim of providing **quality management education** through distance learning. The department has been a pioneer in enabling working professionals, entrepreneurs, and individuals seeking career growth to pursue higher education in the field of management.

The department recognizes the evolving needs of the industry and equips its students with the necessary knowledge, skills, and competencies to succeed in the dynamic business world. The department offers two programmes, an undergraduate programme namely the Bachelor of Management Studies (BMS), and a postgraduate programme i.e., the Master of Business Administration (MBA) programme.

To ensure the overall development of students, the department organizes guest lectures featuring industry experts to enable students to gain insights from seasoned professionals. These events also provide networking opportunities, allowing students to connect with professionals and expand their professional circles.

In conclusion, the Department of Management Studies at the DDCE, SOL/COL, University of Delhi, offers excellent opportunities for individuals seeking management education through distance learning. With its comprehensive programs, learner-centric approach, and dedicated faculty, DMS SOL prepares students to excel in the competitive business landscape and make meaningful contributions to the industry.

### About the Programme

Bachelor of Management Studies (BMS) is an undergraduate program for management studies. It enables students to gain insight into management studies and acquaint them with the world of business. The Programme allows students to obtain the knowledge and skills needed to assume management positions in a wide range of organizations. The first two years of graduation provide the students with a solid foundation, which helps them to know and identify their interest in the specialization. From the third semester onwards, students have the choice of selecting their specialization from the areas of finance, marketing, human resource, and the global business environment.

### Course Suitability

To ensure that this course secures the maximum benefit for students and that they become skilled professionals, our institute encourages students with a **strong passion for business and management** concepts to apply.

The papers offered by the BMS Programme range from "Introduction to Business Analytics" to "Statistics for Business Decisions" from "Quantitative Techniques" to all the important branches of Management like Marketing, Organizational Behaviour, and others requiring students who are **comfortable with technology** and have the **desire to stay up-to-date** with the latest advancements in business management software and tools.

That being said, it's important to note that a students' success is not solely based on their academic or technical abilities but also on their motivation, dedication, and willingness to learn and apply new concepts. Therefore, a student with a passion for business and a strong work ethic can thrive in a BMS program, even if he/she has yet to gain extensive experience in the field.

### **Career Opportunities**

The key to success in any career is to develop a strong set of skills in areas such as leadership, communication, problem-solving, and strategic thinking. Some of the career opportunities available to graduates of this program are:

1. Marketing Manager
2. Human Resource Manager
3. Operations Manager
4. Financial Analyst
5. Business Analyst
6. Project Manager
7. Venturing into Entrepreneurship
8. Business Consultant

Other career opportunities for BMS graduates include management consultant, business development manager, and supply chain manager.

## Department of Commerce

### About the Department:

The Department of Commerce at School of Open Learning boasts of having the maximum students in its B. Com Honours B. Com Programme. The Department caters to the changing needs of the society by providing the students with the latest curriculum delivered through advanced pedagogical tools. The rapid growth of the Department of Commerce is reflected in its expansion as well as novelty in its academic programmes. The Department offers B. Com Honours as well as B. Com Programme at the Undergraduate level.

### B. Com Honours

The Honours Programme of the Commerce Discipline is designed with the view of keeping the students skilled, empowered and connected to the business environment. The B. Com Honours Programme provides a wide spectrum of course and allows students to become highly professional and competitive in the world of business and technology. The Programme involves a multi-disciplinary approach where the students can choose their courses based upon their interest and capabilities. The courses are designed in a manner where the students become job ready and self-reliant. The courses include the practical aspect of the domain, facilitated by some innovative teaching methods. A wide range of discipline and non-discipline courses promotes the multidisciplinary approach and fulfils the purpose as envisaged in the National Education Policy 2020.

The Disciplines included in the Programme are Accounting, Finance, Human Resource Development, Marketing, International Business, Law and Taxation etc. The Programme also includes some Generic Elective (GE) courses that are offered in subjects other than Commerce. In addition, there are Skill

Enhancement Courses (SEC), Value Added Courses (VAC) and Ability Enhancement Courses (AEC) which cover a wide range of subjects and fields of study.

### B. Com Programme

Commerce helps society to establish a relationship with the business world. As our society is undergoing tremendous technological advancements, the B.Com Programme at Department/School aims at creating a student base that is capable of dealing with the modern business era. The Programme provides the students an opportunity to explore the employment and entrepreneurial options available to them and helps them to become self-reliant. The introduction of new Skills Enhancement Courses (SEC) would equip the students to learn new skills and apply them for development of the society. The Programme includes the courses from various disciplines like Accounting, Finance, Human Resource Development, Marketing, International Business, Law and Taxation. The Programme also includes some Generic Electives, Skill Enhancement, Value Added and Ability Enhancement courses which are provided in subjects and fields of study other than Commerce.

### Career Opportunities

There are many career options for students after the completion of B. Com Honours. Academically inclined students can pursue M. Com for a career in academics or they can go for MBA if they want to work in a Corporate.

Our students also pursue CA, CS along with their graduation. Going for the Civil Services is yet another option. Students from the Commerce Stream can also become entrepreneurs and successfully run their own businesses.

## Department of English

The Department of English is one of the oldest Departments at the School of Open Learning. The Department has experienced faculty with specialization in various facets of Literary studies. The faculty is responsive and is always available for consultations and guidance as and when needed by the students. The Department offers papers for the B.A. (Hons) English Programme. and various DSE, GE, GE (Language), SEC papers for other Undergraduate Programmes. A short description of B.A (Hons) English course is given below. This is followed by a short description of the papers offered for other Undergraduate Programmes.

### ➤ B.A. (Hons) English

This is a prestigious undergraduate course offered by Delhi University. It offers a foundational understanding of the domain of literature and culture in its broadest sense. You will be engaging with various genres like Poetry, Fiction, Drama, etc. This course will also equip you with specific skill sets that are necessary to analyse and critique literary and cultural texts. You will explore ways in which literature reflects, presents, or even influences the changing socio-cultural landscape in any given society. However, this is not a professional course that lands you a job after graduation. Job opportunities would depend, largely, on the skill sets that you develop during your graduation and other additional qualifications that you acquire after you graduate. Generally, students of literature can find openings in the areas of Journalism, Editing/ Proof Reading, Book Publishing, Teaching, etc. Further, all other areas, like Law, Civil Services, Advertising, etc., are open to you subject to their entry requirements. Please keep in mind the fact that this Programme demands a certain amount of familiarity with literature in general, good reading habits, and a reasonable command over the English language.

### ➤ What is Expected of You

The B.A. (Hons) English course is a demanding course, and you are required to have some skills to negotiate and do well in this course. It is expected that you already have reasonably good language skills and some familiarity with English literature in general.

This course entails extensive reading and interpretation of literary texts as well as secondary material. Hence students with high achievement levels in English language and good reading habits are likely to do well.

You should note that the self-learning material provided by the college are not textbooks and should not be used as substitute for textbooks. They should be used only after you have read the primary textbooks prescribed for you in the syllabus.

The self-learning material is uploaded on the website [www.sol.du.ac.in](http://www.sol.du.ac.in).

Before you take a final decision about joining the course, please do spend some time going through the prescribed textbooks and self-learning material. It will give you an idea of the kind of demands that the course will make on you. Hopefully, this will clarify some basic issues regarding the course and help you in making an informed choice.

## Department of Economics

The Department of Economics offers B.A (Hons.) Economics and B.A (Prog.) with Economics as a Major and Non-Major subject respectively. Economics is also offered as a Generic Elective (GE) course for students who are pursuing other Major subjects offered by various departments but are at the same time interested in studying Economics.

### Course Suitability

Economics is a multi-disciplinary subject. Knowledge of mathematics and statistics is essential to acquire a degree in Economics Honours and Major in Economics under B. A Programme. In Semester I, students are introduced to all the basic tools of economics which are drawn from the fields of mathematics and statistics respectively so that they could get a head start with the course.

### Career in Economics

After completing the course students can go for many career options as listed below:

- Researcher, Professor in higher educational institutions/ Teacher in schools
- Government think-tank and economic consultant / advisor in Ministries / Public Sector and other Autonomous bodies like NITI Aayog etc.
- Civil Services and specific Jobs like Indian Economic Service and other services.
- Private Corporate Sector and Banks and other Financial Institutions etc which have a huge demand for Economists.
- Economists and other specific jobs in international organisations such as IMF, World Bank, UNDP etc.
- Data analyst

### Discipline Specific Core Courses Offered by Economics Department

- A. **B.A (Hons.) Economics:** There are three Discipline Specific Course (DSC) which a student must study under each of the first six semesters in three years. The course details to be offered in Semester I and Semester II of the first year of study are underlined below:

Discipline Specific Course (DSC)*	
Semester I	Semester II
DSC-1 Introductory Microeconomics	DSC-4 Introductory Macroeconomics
DSC-2 Introductory Mathematical Methods for Economics	DSC-5 Intermediate Mathematical Methods for Economics
DSC-3 Introductory Statistics for Economics	DSC-6 Intermediate Statistics for Economics

\* All are 4 Credit Courses

### B. B.A (Prog.) with Economics as Major

If Economics is the first choice of a student under B.A (Prog.) then Economics will be treated as Major. In such a case, the student has to take two DSC papers of 4 credits each in Economics as given below.

Discipline Specific Course (DSC)*	
Semester I	Semester II
DSC-1 Introductory Microeconomics	DSC-4 Introductory Macroeconomics
DSC-2 Basic Mathematics for Economic Analysis	DSC-5 Basic Statistics for Economics

\* All are 4 Credit Courses

### C. B.A (Prog.) with Economics as Non-Major and Generic Elective Course (GE)

If Economics is the second choice of a student under B. A (Prog.), it is treated as non-Major. In such a case, the student is offered only one paper in Economics in both the semesters.

Similarly, if a student, for whom Economics is not his/her first or second choice, can choose Economics as a Generic Elective Course. In such a case, the student is offered only one paper in Economics in both the semesters.

Note that the name of the course/paper in Economics, either as Non-Major or as GE is same as given below.

### Department of Education

The Department of Education offers two Discipline Specific Courses (DSC) as Major and One DSC as Minor respectively under B. A Programme in both Semester I and II. The details are given as follows:

Semester I:

Education as Major (4 Credits each)	Education as Minor (4 Credits)
DSC1: Education in Contemporary India DSC2: Basic Concepts and Ideas in Education	DSC: Basic Concepts and Ideas in Education

Semester II

Education as Major (4 Credits each)	Education as Minor (4 Credits)
DSC3: Human Learning, Cognition and Schooling DSC4: Understanding Human Development	DSC: Understanding Human Development

### **Career Opportunities:**

A B.A. Programme Student with Education can find job opportunities in government offices/Civil Services and as career counsellor etc.

See the structure of B.A. (Programme) given later in this section for Education Major.

### Department of Environment Science

The Department of Environmental Science offers a course on Environmental Science as Ability Enhancement Course in Semester I/II and Semester III/IV. This is a compulsory course which is offered in a flip mode which implies that a student can opt for it either in Semester I or II in their first year of study and in Semester III or IV in their second year of study.

## Department of History

In the UG Programme with two Core Disciplines of which History is to be one, the student has the option to choose from a list of other Disciplines being offered. Once the students choose their combination, which can be History - Economics, History – Political Science, History- Education, etc., then History would be Discipline A and the other subject would be Discipline B.

### **B.A. Programme with History as non-Major /Minor**

Semester 1 : ‘History of India from Earliest Times up to 300 CE’.

Semester 2 : ‘History of India, 300CE to 1200CE’

### **B.A. Programme with History as Major**

Semester 1: Paper 1: ‘Ancient Societies’

Paper 2: ‘History of India from Earliest Times up to 300 CE’.

Semester 2: Paper 1: ‘Medieval Societies: Global Perspectives’

Paper 2 : ‘History of India, 300CE to 1200CE’

As you can see, a Major in History would be offering broad spectrum courses that will span across the world rather than being confined to Indian history.

Besides these papers, the Department of History at SOL is offering a Generic Elective paper titled ‘Delhi through the Ages: The Making of its Early Modern History’ from a common pool of Generic Electives in the first Semester. This paper is being offered to students of Honours courses in subjects other than History. Similarly in Semester 2, the GE paper offered is: “Delhi through the Ages: From Colonial to Contemporary Times”.

The above information will help students to make an informed decision. Should they choose the History Discipline, the Department will guide them and endeavour to make their period of study at SOL as accessible and hassle free as possible.

See the structure of B.A. (Programme) given latter in this chapter for History Major.

### **Career Opportunities**

Job opportunities are available in academics, civil services, national and state museums, archaeology, government offices etc.

## Department of Mathematics

Department of Mathematics is offering two level of Courses in the Undergraduate UGCF-PROGRAMM E(Under NEP-2020):

Level-1: BA(Prog): Discipline Specific Core (DSC)-Course/Paper-As Minor & Major

Level-2:- General Elective Papers. BA(Hons)-Eco/Eng/Pol.Sc/ B.com (Hons)/BMS/BBA(FI)

Level-1: BA(Prog): Discipline Specific Core (DSC)-Course/Paper-As Minor & Major

### Semester-1

DSC-Major: Elements of Discrete Mathematics. Divided into 3 units, Total Lessons-09

DSC-Minor: Topics in Calculus. Divided in to 3 units, Total Lessons-11

### Semester-2<sup>nd</sup>

DSC-Major: Analytical Geometry. Divided in to 3 units, Total Lessons-09

DSC-Minor: Elementary Linear Algebra: Divided in to 3 units, Total Lessons-09

Level-2: BA(Hons)-Eco/Eng/Pol.Sc/B.Com (Hons)/BMS/BBA(FI):- General Elective Papers.

### Semester-1<sup>st</sup>

Generic Elective (GE): Theory of Equations & Symmetries. (10<sup>th</sup> Class passed with Maths): Divided in 3 Units: 06 Lessons.

or

Generic Elective (GE): fundamental of Calculus. (12<sup>th</sup> Class passed with Maths): Divided in 3 Units: 06 Lessons

### Semester-2<sup>nd</sup>

Generic Elective (GE): Introduction to Linear Algebra (12<sup>th</sup> Class passed with Maths): Divided in 3 Units: 06 Lessons.

UG Programme with Two Core Disciplines of which Mathematics is to be one. The choice of the other one Core Discipline from Economics, English, Education, Hindi, History, Political Sc, Sanskrit & Urdu is entirely yours. For example, you may opt for the Mathematics-Economics combination or, say, the Mathematics-Political Science combination depending upon your area of interest

Once you have opted your options, say with Mathematics as Discipline A and Political Science as Discipline B at the time of admission in the UG (Programme).

Then next step is to decide in which one subject you will do Major out of two opted. Say as example Mathematics as Major then, then DSC 1 may be of Discipline A -Mathematics -Major, DSC 2 may be of Discipline A Mathematics-Minor and DSC 3 may be of Discipline B (Political Science).

For the first three years (six semesters) you will study both the Disciplines along with one major in of these two same disciplines.

But, in the fourth year, students will study only one of the two disciplines i.e., either Mathematics or Political Science, in both Sem VII and Sem VIII semesters. Major and Minor in a specific Discipline shall be awarded based on credits accumulated by you (Major = 80 credits Minor = 28 credits) in that Discipline.

In simpler words, you shall get Major in Mathematics, on successful completion of VIII semester, if you earn Minimum 80 credits in Mathematics.

### Career Opportunities

Students having mathematics degree can easily pursue courses in computer science and networking which provide lots of job opportunities in academic institutions, industries, government offices, social sector and research etc.

Mathematics Paper offered in the Programmes given below–

#### **BBA, BMS, B.Com (Hons.), B.A. (Hons.) English/Political Science/Economics/Psychology**

	<b>Semester 1</b>	<b>Semester 2</b>
<b>GE</b>	Theory of Equations and Symmetries <b>OR</b> The Fundamentals of Calculus	Introduction to Linear Algebra

#### **B.A. Programme**

<b>DSC</b>	<b>Semester 1</b>	<b>Semester 2</b>
Major	Elements of Discrete Mathematics	Analytical Geometry
Minor	Topics in Calculus	Elementary Linear Algebra

Also see the structure of B.A. (Programme) given later in this section for Mathematics Major.

## Department of Political Science

The Department of Political Science accommodates the maximum number of students. It offers three Courses, i.e., BA (Prog.), BA (Hons.) and MA. During the course work we make the students understand the foundational values of political science, and its conceptual debates and engage students to use them in day-to-day activities. These courses will equip students with specific skill sets necessary to analyze various aspects of public administration, rules, regulations, and governance issues. The department imparts education and training in all the varied sub-disciplines of Political Science including Political Theory, Indian Political Thought, International Relations, Comparative Politics, Indian Politics and Public Administration.

### **Vision:**

The main objective of the department is to significantly transform the way political science is seen and taught as a subject in India. Now we are especially emphasizing entrepreneurial skills, diversity, and adaptability in the changing social realities. We are devoted to delivering a good academic atmosphere and equipping students to become civic leaders who intellectually and socially uphold the principles of social and gender justice and public service intellectually and socially. We enable our students to apply theoretical knowledge for understanding the practical domains of Indian politics, international relations, and public policy.

The B.A. (Hons) Political Science course is a popular course at SOL, and you are required to have some skills to excel and complete this course. It is expected that you already have a reasonably good command over your writing and analyzing skills. Because writing is the most important skill to acquire during your coursework. We will request you opt for creative writing skills both in Hindi and English. It will help you to get new job opportunities in print and TV media. Our students are also, capable to give Public Service Commission Examinations across India (UPSC, PSC and SSC). They have a bright future working with Non-Governmental Organizations, and research institutes, going for judicial jobs qualifying LLB and LLM.

### **Core Values:**

Along with communicating knowledge of Political Science, we are enthusiastic to develop new knowledge in the field through dynamic research, and scholastic collaboration with industries and research institutions. Pledged to cultivate political values to boost democratic and participative values. We also encourage students to indulge in entrepreneurial activities to serve society.

### **Career Opportunities**

Job opportunities are available in media, civil services, academics and research and social sector etc.

## Department of Psychology

### About the Department:

The Department of Psychology, DDCE, COL, University of Delhi offers students a holistic education in the field of psychology, with an emphasis on creating a strong theoretical basis, critical thinking, research skills, and practical experience.

Learners are given the opportunity to advance at their own pace and take a multidisciplinary approach to their education thanks to the flexibility offered by the programme. As a result, it is a programme that is centred on the student and has built-in provisions for adaptability, mobility, and employability.

### About the Honours Programme:

The undergraduate program in Psychology at DDCE, Campus of Open Learning provides students with a strong foundation in the principles of psychology with a focus on scientific inquiry, critical thinking, and ethical practice.

The Bachelor of Arts Honours programme in Psychology is intended to provide the learner with a solid grounding in the fundamentals, concepts, processes, and applications of psychological principles in a variety of settings. The programme also includes a variety of courses that are interdisciplinary in nature and that enhance students' abilities. These courses give students the opportunity to investigate topics in areas other than the scientific field of psychology.

The diverse curriculum covers various subfields of the discipline, including courses in developmental psychology, abnormal psychology, social psychology, statistics, organisational psychology, cognitive psychology and many more. The students are trained in a wide range of courses as per the curriculum including core papers, elective papers, value addition and skill enhancement papers to encourage the overall growth and development of the students. In addition, students are encouraged to participate in research projects and internships to gain practical experience in the field.

### Why should you join this course?

Psychology is the scientific study of human behaviour and mental processes, and its purpose is to provide a better understanding of how people behave. Through the study of psychology, one can obtain a more profound comprehension of the reasons behind why people think, feel, and behave in the ways that they do.

This course prepares students for a variety of careers in fields such as healthcare, education, social services, and business. Graduates from this field are well-prepared for professions in research, counselling, and therapy, as well as human resources, marketing, and education. They are also well-prepared for future studies in psychology or associated fields.

Psychology classes can help you learn strategies for conflict resolution, effective communication skills, and how to create positive connections with other people. It helps you to improve your ability to communicate and interact with others. Studying psychology can also help individuals better understand and manage their own thoughts, feelings, and behaviours, which can lead to enhanced personal well-being as a result of the individual's increased ability to control these aspects of themselves.

To pursue a career in psychology:

If you are interested in becoming a psychologist, therapist, counsellor, or another mental health professional, enrolling in a psychology course is an essential step towards attaining your career goals.

1. **Clinical Psychologist:** Psychologists who specialise in clinical practice work directly with patients to identify and treat a variety of mental health conditions utilising a wide range of different approaches to psychotherapy.

2. **Counselling Psychologists:** They work with individuals or groups to help them improve their mental health and well-being. They typically use talk-therapy and other interventions in their practice. Counselling psychologists are also known as clinical psychologists.
3. **School Psychologists/School Counsellors:** They are professionals that work in schools to assist students in their social, emotional, and intellectual development. They frequently collaborate with both teachers and parents to construct educational conditions that are conducive to student learning.
4. **Industrial-Organizational Psychologists:** These are those who apply the concepts of psychology to workplace settings. They seek to increase employee performance, as well as job satisfaction and the general efficacy of organisations.
5. **Forensic Psychologist:** Psychologists that specialise in forensic work collaborate with other experts in the legal field to assess and treat persons who are involved in the criminal justice system. These individuals include defendants, witnesses, and victims.
6. **Social Work:** A professional who assists individuals and families in overcoming several difficulties, such as issues related to mental health, poverty, and substance misuse.
7. **Human Resources:** Specialist in human resources is responsible for the recruitment, training, and retention of personnel. They frequently apply psychological theories and concepts to devise efficient organisational structures and policies.

These are just some of the many diverse employment options that are open to individuals who have earned degrees in psychology, but there are many more. There are a lot of different possibilities to think about, and the ones you choose will depend on your abilities and interests.

## Department of Hindi

The Department of Hindi is an important department at DDCE, SOL, COL and is deeply connected with other departments. The department has been offering a Post Graduate Programme in Hindi for the past 40 years or so and lakhs of students have benefitted from it. At the same time the preference for Hindi in other Programmes offered at DDCE, SOL, COL remains. At present due to the special emphasis on language under NEP, Hindi language has been given a place in all Undergraduate Programmes which shows the importance and usefulness of Hindi.

The Department of Hindi offers Hindi as DSC, AEC, SEC and VAC under B.A Programme and B. Com Programme. Hindi is also offered as GE Course for Honours Programmes and courses other than Hindi as offered by the institution.

### Career Opportunities

Job opportunities are available in media, civil services, translation jobs, interpreter, book publishing and editing etc.

The structure of the programme is given below. Also see the structure of B.A. (Programme) given latter in this chapter.

## Department of Punjabi

The Department of Punjabi offers Generic Elective (GE) Course for other Disciplines.

## B.A. Programme

### About the B.A. Program

The B A Program is, and has always been, one of the most popular programs at the School of Open Learning, Delhi University. It accounts for a major share of the student enrolment; offering a range of papers across various disciplines. The student can choose, either as Major or Minor papers, any of these subjects: History, Political Science, Computer Science, Psychology, Economics, Mathematics, English, Hindi, Sanskrit, or Urdu. In addition, the student needs to study one General Elective course, one Ability Enhancement Course, one Skill Enhancement Course, and one Value Added Course.

The study material is prepared by well qualified faculty and there are a number of student support services; such as personal contact classes, online counselling, a well-stocked library, and book bank to help the learners. Faculty members are always available to provide academic counselling and guidance. At the same time, it is important to remember that, in a distance teaching institution, the student also has to take responsibility for his/ her learning.

The objective of the B A Programme is to help students create a wide, holistic knowledge base and acquire a set of skills that will enhance employability, in keeping with the National Education Policy 2020. Students are advised to go through the table below and choose subjects after careful consideration.

### Structure of B.A. Programme

In B.A. Programme a student has to choose Two Discipline Courses. Out of these two courses, one of them will be treated as major and other one will be treated as minor/non-major. The student then has to take two papers from the course chosen as major and one paper from minor/non-major. This implies that there will be three papers under two discipline specific courses per semester. Besides these discipline courses, a student will be offered one Generic Elective Course, one SEC (Skill Enhancement Course), one VAC (Value Added Course) and one AEC (Ability Enhancement Course) from respective pools of courses.

## Attention Regarding GE Course –

### NOTIFICATION

[E.C Resolution No. 52-38 dated 08.12.2022]

The range of Generic Electives (GEs) offered to certain category of students of B.A./B.Com. Programme under UGCF 2022 have been revised keeping in view their multidisciplinary nature and interest of students as under:

- (i) Students of B.A. program with two languages as the core disciplines be offered the open pool of Generic Electives (and not restrict them to choose only the GE-Languages)
- (ii) Students of B.A. program with one language as the core disciplines be offered to study only one GE-language (which will be two courses of the same language that may be studied as GE-1 and GE-3 or GE-2 and GE-4). The other GEs shall be from the open pool of GEs.
- (iii) B.A./B.Com. Programme students who have never studied any Modern Indian Language (MIL) up to 8<sup>th</sup> Class shall be offered the open pool of GEs.

### The Structure of B.A. Programme is given below:
