Vision & Mission

Our Vision

To be a global leader in the field of open, distance and online education promoting life-long learning using cutting-edge technology across geographical regions.

Our Mission

Our mission is to be an internationally acclaimed premier institution of open, distance, and online education to influence the direction of learning in the future and make a real impact in the fields of research and education. To empower the learners by providing 21st-century skill sets through a wide array of professional, academic, and skill-based courses. To enable a dynamic learning behaviour amongst learners across society reaching the masses at their doorstep. Our commitment towards excellence and inclusivity drives us to equip our lifelong learners to thrive in a global landscape shaping a bright future.

Preamble

In 2022, the University of Delhi established the Department of Distance and Continuing Education (DDCE), Faculty of Open Learning, and the Open Learning Development Centre (OLDC) under the auspices of the Campus of Open Learning (COL). The DDCE encompasses a variety of disciplines, offering distance learning programmes in fields such as Commerce, Economics, Education, English, Environmental Science, History, Hindi, Political Science, Punjabi, Sanskrit, Urdu, Management, Financial Studies, Library and Information Science, Computer Science, and Psychology.

The School of Open Learning under the aegis of COL, established in 1962, initially provided conventional programmes in humanities and commerce. Its first batch had around 900 students. Over the years, it has expanded significantly and now serves over four lakh students across various disciplines. This growth has been paralleled by the establishment of regional centers: the South Study Centre at Moti Bagh (1990), the West Regional Centre at Keshav Puram (2007), and an upcoming center at Tahirpur, East Delhi. In 2022, the DDCE launched six new professional courses, including MBA, Master of Library and Information Sciences (MLISc), B.A. (Hons.) Economics, Bachelor of Management Studies, Bachelor of Business Administration (FIA), and Bachelor of Library and Information Sciences (BLISc). The Post Graduate Diploma in Automated and Digital Library Management (PGDADLM) programme was introduced in 2023.

The School of Open Learning provides higher education opportunities particularly for those who are employed or unable to attend regular college due to various constraints. The flexible distance education mode is designed to help students achieve higher education and vocational skills through well-structured course materials provided at admission, supplemented with video lectures and academic counseling sessions at various Learning Support Centres. Experienced faculty members are available for mentoring and counseling at the main campus. Admission criteria and examinations adhere to the norms of the University of Delhi, which confers degrees upon DDCE students as it does for those in its constituent colleges. Beginning in the 2022-23 academic session, the University of Delhi adopted the National Education Policy (NEP) 2020 and introduced the Undergraduate Curriculum Framework (UGCF) 2022.

Vice Chancellor's Message

I extend my greetings to all students for the academic year 2026-27 at the Department of Distance & Continuing Education (DDCE), School of Open Learning (SOL), under the aegis of the Campus of Open Learning, University of Delhi. The Department has consistently demonstrated its commitment to addressing the educational needs of learners through affordable and accessible education. Its focus on academic inclusivity has positively impacted students from diverse cultural and social backgrounds. The National Education Policy 2020 recognises the positive role of distance education, and the School of Open Learning effectively fulfils this mandate by providing flexible, learner-centric opportunities for higher education.

The Department has taken several new initiatives, including various student support services to enhance the learning experience. I welcome the incoming batch to this institution and wish them success in their academic and professional pursuits. My best wishes to the Department for a productive year ahead. I look forward to the continued participation of all stakeholders at the Department of Distance & Continuing Education, School of Open Learning, under the Campus of Open Learning, University of Delhi.

Best Wishes.

Prof. Yogesh Singh
Vice Chancellor
University of Delhi

Director's Message

Dear Students,

I warmly welcome you all to the Department of Distance and Continuing Education (DDCE) under the Campus of Open Learning (COL), University of Delhi, for the academic session 2026-27. With over 63 years of commitment to "Education for All," our department continues to offer flexible and high-quality programs that enhance career prospects.

Our courses are aligned with the National Education Policy (NEP), through which we focus on experiential learning to improve employability. We support self-paced learning while maintaining academic excellence. Our affordable fee structure makes higher education accessible to students from all economic backgrounds. Additionally, our student-centric approach includes self-learning materials and Personal Contact Program (PCP) classes to enrich the distance learning experience.

The Department of Library and Information Science (LIS), established in 2022, is gradually making its mark in the field. In a short span, our students have shown promising progress, with some already excelling in academia, research, and professional sectors.

Skilled library professionals play a crucial role in managing and disseminating knowledge. Libraries, as the heart of educational institutions, shape informed individuals, and our BLISc, MLISc, and PGDADLM programs equip students with the necessary expertise to meet the demands of modern information management. These courses are designed to provide inclusive and affordable education to learners from all backgrounds. I welcome you to the Department and assure you of a fulfilling and enriching learning experience.

Best Wishes!

Principal's Message

Dear Students,

I am pleased to welcome you to the School of Open Learning (SOL), University of Delhi, for the academic session 2026-27. SOL offers distance learning courses in various fields, making education more flexible and accessible. Since its beginning, SOL has been dedicated to providing affordable and quality education using modern technology. Distance learning helps students from all backgrounds achieve their goals. Our focus is on overall student growth, ensuring engaging and effective learning.

In today's world, where information is easily available, knowing how to find and use reliable information is more important than ever. Libraries have always played a key role in education by providing authentic and well-organized information. With the rise of technology, libraries are no longer just physical spaces but also digital hubs where information can be accessed anytime and anywhere. As library services evolve, professionals in this field must be skilled in handling digital resources, organizing information, and using modern tools to make knowledge accessible.

The Department of Library and Information Science, at SOL, was established to meet this need. It offers three courses: Bachelor of Library and Information Science (BLISc), Master of Library and Information Science (MLISc), and Postgraduate Diploma in Automated and Digital Library Management (PGDADLM). These courses help students develop the right skills for careers in information management.

I warmly welcome all the students joining our LIS programmes for the academic year 2026-27. SOL is committed to helping you learn and grow. I hope you have a meaningful and successful journey with us.

Best Wishes!

About The Department

The Department of Distance & Continuing Education (DDCE), Campus of Open Learning, University of Delhi, holds the distinction of being India's oldest institution for awarding degrees through distance mode of learning. All programmes offered by DDCE adhere to the syllabus of the University of Delhi, ensuring that our students undergo examinations of the same standard as those in the regular mode. Accredited by the Distance Education Bureau (DEB), UGC, our programmes are accessible to students nationwide. In 2022, DDCE established the Department of Library and Information Science. The department currently offers three courses. These courses are the Bachelor of Library and Information Science (BLISc), the Master of Library and Information Science (MLISc), and the Post Graduate Diploma in Automated and Digital Library Management (PGDADLM). The PGDADLM course followed the NEP structure from its inception. From the academic year 2026-27 onwards, the BLISc and MLISc courses will also follow the prescribed structure of NEP 2020.

Library and Information Science professionals are indispensable in a wide range of institutions, including libraries, documentation centers, and information and knowledge institutes. Professionals with specialised skills are essential at many levels, including those responsible for managing libraries at educational institutions, public libraries, government agencies, enterprises, and research institutions. These responsibilities encompass institutions established by governmental and corporate entities at the national, state, and local levels.

In response to the indicated requirements, DDCE has introduced BLISc, MLISc, and PGDADLM programmes within the Department of Library and Information Science at the School of Open Learning. These programmes effectively address the demand for skilled professionals crucial in library and information science domain. In the LIS programmes, instructions are delivered through various mediums, including written materials, audio recordings, video presentations, face-to-face counselling, and remote counselling via telephone and radio sessions. Academic counselling sessions at study centres use modern information and communication technologies to provide educational content to students in an accessible manner. The department is committed to offering the students periodic opportunities for in-person interaction with counsellors. These adapted methods promote flexibility and facilitate self-directed learning.

The key objectives of the programmes are:

1. To prepare students for the challenges of modern information scenarios by encouraging ongoing interaction and collaboration with information experts and librarians.
2. To expand the student access to diverse avenues for professional development, leadership, and personal advancement across academic, professional, and extracurricular domains.

Our Pedagogy

Each student admitted to LIS Programmes will be attached to a SOL Centre. For their own benefit, candidates are advised to attend majority of the counselling sessions. Along with the counselling sessions students will be accompanied with the list of SLMs (BLISc & MLISc) and Open Educational Resources (PGDADLM) for easy understanding and additional guidance. This will also facilitate their preparation of the examinations. The students are advised to be in regular contact with their respective SOL Study Centres and interact with the coordinators and programme specific in charges as frequently as possible. The facilities provided at the study centres normally include the following:

- Counselling sessions at PCP centres
- Library facility with basic reading materials related to various aspects of the discipline
- Video lectures
- ICT powered learning sessions
- Revision classes

The Counselling sessions are held according to the lesson plan and a schedule drawn beforehand by the SOL. Such sessions are usually held on weekends, that is to say, Saturday/Sunday of a week. If necessary, counselling may be held on gazetted holidays also. There will be a minimum of 12 academic counselling sessions for each paper (except the projects/dissertation/internship). At the study centers, students receive practical exposure to the programmes, gaining hands-on experience with modern Information Communication Technologies. This includes the following components:

1. Provision of hands-on-experience of a software package for creation of databases, formatting, retrieval and printing of information.
2. Preparation of online search strategies, and searches in catalogues, search engines and bibliographic databases.
3. Reference and citation management
4. Content management
5. Creation and management of digital library
6. Hands on practice of library automation package.

Career Opportunities

After graduating from the department of library and information science one may pursue one's career as a:

1. Library and Information Science Teacher
2. Academic/Public/Corporate Librarian
3. Information Specialist/Manager
4. Archivist and Records Manager
5. Data Manager and Digital Asset Manager
6. Research Analyst Metadata Specialist
7. Information Technology (IT) Specialist
8. Information Literacy Instructor
9. Data Librarian
10. Content and Knowledge Manage

Librarianship As A Career

Librarianship offers a diverse and enriching path for individuals passionate about Information, knowledge, organisation, and community service. In an era dominated by information overload, librarians play a crucial role in curating, organizing, and disseminating information. Librarians serve as gatekeepers of knowledge, providing access to a vast array of resources, from books and journals to digital archives and multimedia materials. Beyond merely managing collections, they assist patrons in navigating information landscapes, conducting research, and honing information literacy skills. Librarians also play a vital role in preserving cultural heritage, maintaining archives, and promoting lifelong learning within their communities. Successful librarians possess a diverse skill set that combines technical expertise, communication skills, and a passion for learning.

Contrary to popular perception, librarianship offers a wide range of career paths beyond traditional library settings. While some librarians work in public, academic, or special libraries, others pursue careers in information management, archives, museums, publishing, education, and research. With the advent of digital technologies, new opportunities have emerged in areas such as digital librarianship, data curation, information architecture, and knowledge management, allowing librarians to adapt and thrive in a rapidly evolving information landscape.

Librarians have the power to transform lives by connecting individuals with information, empowering them to pursue education, research, and personal growth. They contribute to the intellectual and cultural enrichment of communities, support academic and scholarly endeavors, and advocate for equitable access to information resources. Through their dedication and expertise, librarians play a vital role in promoting literacy, democracy, and lifelong learning in society.

Overall, Librarianship offers a fulfilling and dynamic career path for individuals passionate about information, education, and community service. As stewards of knowledge and champions of intellectual freedom, librarians play a vital role in fostering literacy, promoting access to information, and enriching the lives of individuals and communities. With their diverse skill set, commitment to learning, and dedication to public service, librarians are well-positioned to thrive in a rapidly changing information landscape and make a lasting impact on society.

Study Material

As per DEB guidelines, provision to provide Self Learning Material (SLM) to all the enrolled students of the Department/School is a mandatory requirement. Accordingly, the syllabus for all papers of the various programmes is Divided into suitable number of SLM (Self Learning Material). These SLMs are prepared by experienced faculty and cover the entire course prescribed by the University of Delhi. A **soft copy** of the study material is available on the Department/School Website. The printed study material is Distributed/dispatched from the SLM Distribution Centre B-19, Wazirpur Industrial Area, Nearest Metro Station Shalimar Bagh, New Delhi-110052 or the Designated centers.

Academic Counselling Sessions (ACS)

Academic Counselling Sessions are conducted on Sundays/Gazetted holidays. Moreover, the Department/School also conducts a few batches on regular weekdays at the regional centres to provide maximum face-to-face counselling sessions for the students. Classroom lectures and Discussions are organized at various centres for a specified period. Local students may be provided D.T.C. Destination bus pass facility (Single Route) till end of the Examination from their residence to the Department/School (North Campus) or South and West Regional Centre.

Open Learning Development Centre (OLDC)

The Open Learning Development Centre is a constituent of the Campus of Open Learning, University of Delhi. Designed to be a resource centre, we provide technical and resource support for Developing basic skills as well as advanced expertise in the field of Distance education and open learning, while drawing upon academic resources of the University of Delhi.

The objectives and functions of the Open Learning Development Centre (OLDC) are:

- to facilitate the School of Open Learning in converting the current correspondence- based educational programmes to the open and Distance learning mode using educational technologies.
- to provide technical and resource support to plan and design new educational programmes in the open and Distance learning mode, to be offered by the Department of Distance and Continuing Education and the School of Open Learning, University of Delhi.
- to initiate and undertake training and capacity building to strengthen the professional and technical capacities of the faculty of the School of Open Learning (SOL), as well as other interested faculty members of the University of Delhi.
- to harness potential of information and communications technologies and facilitate planning, Design and execution of innovative approaches to learning to strengthen the teaching & learning processes.
- to initiate and facilitate networking among teachers within the University of Delhi and across universities, for the Development of new and flexible teaching-learning practices.

Armed with the aforementioned mandate, the Open Learning Development Centre (OLDC) focuses on enhancing education through innovative learning methods and advanced technology, supported by a range of facilities Designed to meet Diverse student's needs. By integrating modern technology and pedagogy, we aim to enhance the quality of teaching and provide facilities to follow best practices for curriculum Development and assessment.

At the **Content Development Lab** of OLDC, we ensure that the content created for effective pedagogical methods, ensuring qualitative teaching and effective learning for students, is of high quality, adaptable and adaptive according to the educational pursuits and interests of the Open and Distance Learners (ODLs).

The **Advanced Software Development Unit** of OLDC has been continuously engaged in ensuring a hassle-free experience for our 4.5 lakh ODLs by resorting to apt tech intervention from time to time. The Development of PRAGYAN LMS and COL Radio platform are notable steps in this regard.

PRAGYAN LMS

With the launch of PRAGYAN, a Learning Management System (LMS), OLDC has taken a significant step to redefine open and Distance learning provided by the SOL. PRAGYAN facilitates students with a Digital platform which allows them to track their performance and identify areas of improvement. By integrating modern technology with pedagogy, PRAGYAN provides students with a Dynamic and supportive environment to study and grow.

PRAGYAN has revolutionized the way students at SOL (around 4.5 lakh in total!) learn and interact with their coursework. This innovative platform offers a host of features that enhance the overall learning experience.

One of the most significant benefits of PRAGYAN is the ability to take internal assessments online, directly through the platform, thereby eliminating the need for physical submission. This saves time and provides a more flexible and accessible way to engage with the course material. The PRAGYAN platform offers a comprehensive library of Study Learning Materials (SLMs) that can be accessed anytime, anywhere. These SLMs serve as valuable aids for students, helping them to understand complex concepts and prepare effectively for exams.

PRAGYAN has proven to be a game-changer for SOL students. It helps foster a more interactive and collaborative learning environment. Students can connect with their peers and engage in Discussions, sharing insights and ideas. By providing convenient access to online assessments, study materials, and a collaborative learning environment, the platform empowers students to take control of their education and achieve their academic goals at their own pace.

COL RADIO

Campus of Open Learning Radio (COL Radio) offers a Digital platform for connecting students worldwide. It provides students with interactive and engaging educational content. Students have access to a range of resources, including lectures by renowned professors, interviews with experts, educational podcasts, academic updates, and other information. It offers students access to the content relevant to their pursuits and interests and supplements the traditional educational system.

COL Radio is run by a Dedicated team of educators, content creators, and technical staff who work in tandem to create, curate, and broadcast podcasts. Podcasts are categorized into academic and informative themes. Under the academic theme, it provides material related to various Disciplines taught at School of Open Learning by supplementing learning materials with lectures, Discussions, and interviews. They enhance classroom learning and provide in-depth knowledge. It also provides a platform for students to express their views and share experiences and talents. By providing a supporting environment that allows learners to express themselves and be creative, COL Radio ensures sustainability to evolve with emerging trends in technology and requirements of education. This flexibility allows COL Radio to remain responsive to the Dynamic nature of Distance learning and continue Delivering high-quality educational content that is relevant to the needs of our large and Diverse bunch of ODLs. The platform intends to inform, entertain and inspire through a blend of music, talk shows, and community-driven& community-centric programmes.

By integrating academic enrichment, social advocacy, and financial sustainability, COL Radio enhances educational experiences and empowers students to perform to their full potential. It is a Dynamic and responsive platform, evolving with advancements in technology and education so that learners are continually equipped with high-quality and engaging content.

Call Centre

The Open Learning Development Centre (OLDC) has established a Dedicated Call Centre for students at the School of Open Learning (SOL), University of Delhi.

The Call Centre provides assistance regarding admissions, examinations, study material, internal assessment, Degree, migration, alumni services, and other student-related queries.

Educational Technology Media Lab

The Educational Technology Media (ETM) Lab at the OLDC is central to help transform education through technology. This facility plays a critical role in the creation of Audio & Video learning materials, Designed to enhance the educational experience of our ODLs. Our ETM Lab has taken a significant step in the Direction of blended learning experience by producing high-quality audio and video resources, offering students an immersive and flexible approach to learning.

At the heart of the ETM Lab's work is the creation of audiovisual content that complements traditional Self-Learning Materials (SLMs). While SLMs are structured to provide in-depth knowledge, video and audio materials add a new Dimension, making learning more Dynamic and engaging. These multimedia materials serve as a powerful tool for explaining complex concepts, enabling students to visualize and understand topics more effectively. Whether it's through video lectures, interactive Demonstrations, or audiobooks, the team at ETM Lab ensures that students have access to a wide array of learning formats to choose from.

The lab also produces audiobooks, which are immeasurably valuable for students, especially for those who prefer auditory learning or want to study while multitasking. They also cater to students with visual impairments or those who find it easier to absorb information through listening rather than reading.

Another exciting initiative from the ETM Lab is the production of podcasts and interviews with subject matter experts, educators, and thought leaders. These podcasts help students to gain insights into various fields, learn from experienced professionals, and stay updated on the latest trends and Developments in education. By incorporating these into our learning ecosystem, we create a well-rounded platform for knowledge sharing and professional growth.

The ETM Lab's efforts are further extended through its collaboration with OLDC's YouTube channel, "COL Radio." Here, the content Developed by ETM Lab is made available to a wider audience, providing not only COL/SOL students but also the broader learning community with access to valuable educational resources. Interviews, Discussions, tutorials, and video bulletins produced in the ETM Lab are regularly uploaded to keep students informed and engaged with current trends and events. As we continue to invest in technology-driven education, the ETM Lab will remain at the forefront of our efforts to provide students with the best possible tools for success.
